

Jalosome[®] Hydrating Cream

Soothing cream for fragile skin.

PRODUCT DESCRIPTION:

JALOSOME[®] Hydrating Cream is able to effectively restore the stratum corneum hydrophilic capacity in case of skin pathophysiological changes, such as irritation from external agents and dermal reactions involving redness.

The Medical Device does not contain parabens, latex and gluten.

The Jalosome[®] line also includes **JALOSOME[®] Soothing gel**, patented medical device for the reduction of skin inflammation and associated pain.

INDICATIONS FOR USE:

Indicated for restoring and maintaining the integrity of the fragile skin previously exposed to treatments (radiotherapy, chemical peels), it contributes actively to tissue regeneration.

MECHANISM OF ACTION:

JALOSOME[®] Hydrating cream is an emulsion of different ingredients that restores the hydrophilic capacity of the stratum corneum in cases of pathophysiological alteration of the skin and creates a moist environment favoring the correct healing process.

Ingredients	Properties
Aloe barbadensis leaf extract	Soothing and moisturizing
Extra virgin olive oil	Deep hydration of dry skin
Wheat germ oil	Nourishing
Sweet almond oil	Emollient and softening
D-Panthenol	Regenerating and soothing

COMPOSITION:

Aloe Barbados leaf extract, Olea Europaea fruit extract, Triticum Vulgare germ oil (wheat germ oil), Prunus Amygdalus oil, D-Panthenol, excipients.

CLASSIFICATION:

Class IIa Medical Device.

POSODOLOGY AND METHOD OF ADMINISTRATION:

Before application, wash your hands thoroughly. Take a sufficient quantity of product and apply on the affected areas with a gentle and circular movement. Distribute until completely absorbed. Repeat the treatment several times a day, as needed.

CONTRAINDICATIONS:

There are no known product-specific contraindications

SPECIAL WARNINGS AND PRECAUTIONS:

If an allergy to the components is known, avoid using the product. In case of sensitization, stop the treatment and inform your doctor. After use, do not disperse into the environment. Do not swallow.

INTERACTIONS WITH DRUGS AND OTHER FORMS OF INTERACTION:

No known interactions.

SIDE EFFECTS:

No known side effects. Do not use in case of hypersensitivity or individual allergy to the components; in case of hypersensitivity to one of the components, discontinue administration and inform your doctor.

INCOMPATIBILITY:

No known incompatibilities.

EXPIRY PERIOD:

The product expires in 35 months from the date of production in unopened packaging and stored correctly.

SPECIAL PRECAUTIONS FOR STORAGE:

Store in a cool and dry place, away from sources of heat, light and humidity.

Do not use the product if it is damaged or not perfectly intact when it is first opened.

Do not use the product after the expiry date indicated on the package.
